3:50pm-4:50pm

Pottery Around the World: Where Art History Meets Pottery

Jimmy Potters Workshop is a unique after school program designed to provide children with the experience of a clay studio in a mobile setting.

In our 8-week 2018 Winter season, students will learn and create beautiful projects inspired by different cultures and artists from around the world. From Van Gogh to Cambodia's Water Festival, students will create through clay and glaze their own creations. Class will meet once a week and children will travel the world one masterpiece at a time. The projects are fun, creative, and will be taught by our accomplished artists/ teachers. Our projects are designed with both beginners and students with previous experience in mind.
